

SCAPPOOSE AIRPORT BULLETIN

ATTENTION

October 2, 2025

T-Hangar Tenants

The Port will be conducting hangar inspections at Scappoose Airport on Monday, October 27 through Wednesday, October 29, from 8:00 AM to 12:00 PM each day.

We will begin with Hangars W01 and move numerically through the hangars. A detailed inspection schedule has been sent to all tenants via email.

These inspections are an important part of ensuring compliance, safety, and the ongoing maintenance of our facilities. The Port will be accessing your hangars during these times. You do not need to be onsite during inspections. However, you are welcome to come say hello. Just like last year, we will open the hangar, take photos, access the perimeter, electrical outlets, walls, and doors. Please refer to the minimum standards in your license agreement for the allowed usage.
